

# e-Builder Partner Program

## Benefits

Why join e-Builder's Partner Program? This program provides Owner Representatives and Program Managers with access to our award winning platform for managing large capital construction programs, along with first class Marketing, Training, Sales and Business Development support. e-Builder is the #1 integrated capital program management platform that will help your company:

- Win More Work
- Retain More Satisfied Clients
- Increase Revenues with New Service Offerings

### WHY PARTNER WITH E-BUILDER?

Winning new pursuits is all about relationships, connections and access to key decision makers. With over 20 years of successful relationships with top owners, e-Builder can provide a direct connection to our vast network of marquee owners in Government, Healthcare, Education and Commercial markets. When you partner with e-Builder, you have access to this knowledge and a team of experienced professionals who can help you craft your strategy and message to win new pursuits.

**For more information, please contact your  
Partner Representative at 888.580.9322**

### WHAT OWNERS CARE ABOUT

Partnering with e-Builder will help you understand owners from a unique perspective and exceed their expectations for:

- Budget and project controls while meeting demands for accountability and transparency
- Maintaining corporate standards and best practices through a sea of business process change
- Providing a collaboration and knowledge management platform for data ownership and business insight long after projects are complete

### CREATE NEW REVENUE STREAMS

Dovetail with owners' expectations and requirements through our industry-leading business process platform within your organization.

- Codify your best practices and unique processes to ensure clients achieve the highest ROI and continue to build sustaining relationships with your organization
- Gain a competitive advantage by offering a project controls system that is created specifically for the owner requirements
- Access decision-makers and actionable, up-to-the-minute insights for accurate positioning during "the chase"
