About the August 2018 Maintenance Release

The e-Builder monthly maintenance releases contain a list of resolved cases for the month.

Your Opinion Matters

We rely on your feedback to better serve you. If you have ideas about improving our product or service, please don't hesitate to let us know. Below are four ways to reach us.

- **Like/Dislike** 👍 Like 👎 – Located in the banner of e-Builder Enterprise™ are like and dislike buttons. Click these to express your opinion of a particular page. This feedback is used to help prioritize upcoming product enhancements.
- **e-Builder Product Ideas** – The Product Ideas portal gives you a platform to share your thoughts on how to make e-Builder better. You can read and vote on the ideas of fellow e-Builder users or post your own. Number of votes are taken into account when forming e-Builder's roadmap. To access the Product Ideas portal, click the arrow next to your username within the banner of e-Builder Enterprise, and then click Product Ideas.
- **Support** – Our Support staff is always available to meet your needs. To speak to a live customer service representative, call us within the U.S. at 888-288-5717 and outside of the U.S. at 800-580-9322, or email us at support@e-builder.net.
- **Annual Technology and User Conference** – The annual e-Builder Technology and User Conference offers a unique and up-close opportunity to gain insight into e-Builder product direction, learn best practices from industry professionals and peers, and to exchange information and ideas with members of the e-Builder community.

Release Note Change Log

The release note change log includes all changes made to this version of the Release Notes document.

Date	Version Number	Description
August 16, 2018	1.0	Initial Release

Resolved Cases

The following is a list of resolved cases for the past month. If you have any questions regarding this maintenance release, please contact e-Builder Support at 888-288-5717 or via email at support@e-builder.net.

Bidding

Case Number: 281428

INVITED BIDDER DOCUMENT DOWNLOAD NOT FOUND IN HISTORY

Resolved an issue where in certain cases, bidders downloading multiple documents at a time were not being registered in the bid document history page.

Cost

Case Number: 273661

COMMITMENT ITEM CUSTOM FIELDS DISAPPEAR AFTER EDIT AND SAVE

Previously, in certain instances the values in some custom fields would appear to disappear after editing and then saving the item. Custom field values now correctly display after editing.

Case Number: 265167

UNABLE TO REMOVE FILE FROM INVOICE

Resolved an issue where a user attempting to remove a file that cannot be removed was not receiving a message.

Case Number: 283463

COMMITMENT CHANGE NOT SHOWING IN CURRENT COMMITMENT COLUMN

Previously, an approved commitment change done by a process was not reflecting the change amount in the commitment line item. Now, the amount is included in the commitment line item.

Documents

Case Number: 283983

USER RECEIVES ERROR UPLOADING CERTAIN DOCUMENT TYPES WITH NEW FILE UPLOAD

Previously, a user could receive an error message when uploading certain document types with specific file extensions. Now, files upload correctly and there are no resulting error messages.

Case Number: 284543

VERTICAL SCROLL BAR MISSING WITH INTERNET EXPLORER

Resolved an issue where the vertical scroll bar in the file upload component was not displaying correctly for Internet Explorer users.

Case Number: 273847

UNMAPPED DOCUMENT VERSION FIELDS UPDATED DURING IMPORT

Resolved an issue where in certain circumstances, document description fields were being updated during import when the fields were not specifically mapped.

Case Number: 239999

ISSUE WITH NUMBER OF FILES DISPLAY IN FOLDER TREE

Previously, subfolders were not included in the count of files displayed in the folder tree in the documents library. Now subfolders are included in the overall file count for a folder.

Forms

Case Number: 283617

THE DATE OF REPORT COLUMN IS SHOWING A DAY PRIOR TO ACTUAL DATE

Previously, the view for forms could display an incorrect date for the date of report column which was displayed as one day prior to the actual date. New views will now show the correct date and existing views can be fixed by simply opening the view for editing and re-saving.

Processes

Case Number: 271574

CUSTOM FIELDS NOT DISPLAYING CORRECTLY IN COMMITMENT CHANGE ITEMS

Previously, when read only custom fields were being used, the custom fields could be displayed incorrectly in the pop-up window. Now read only custom fields will display correctly in the custom fields pop-up.

Case Number: 280800

CANNOT ATTACH PCO PROCESS

Previously, the system would display an error when entering an asterisk in the containing text field and attempting to filter the results. Now the system will display processes correctly without error.

Case Number: 282696

CUSTOM VIEW LINK NAME DOES NOT CARRY OVER WHEN WORKFLOW IS COPIED

Previously, the system was not including custom view link name when a workflow was copied. Now the value is included when a workflow is copied.

Case Number: 281628

ACCEPT/DECLINE BUTTON SHOWING WITH ONLY ONE ACTOR ON STEP

Previously, the system was displaying the Accept button when there was only one actor on the step. Now, the system will no longer display the Accept button if only a single step actor exists.

Case Number: 284601

PROCESS GETTING STUCK

Previously, when an error occurred with user validation a process would get stuck and the user would not be able to move the process forward. Now, the system will allow the user to move the process forward.

Case Number: 283235

UNABLE TO IMPORT SCHEDULE OF VALUE INTO PROCESS

Previously, the system was not importing the This Period Value if the data was entered manually in the source file and was only importing values that were automatically calculated. Now the system imports the values correctly.

Case Number: 272356

INCORRECT MESSAGE WHEN USER ATTEMPTS TO DELETE COMMITMENT CHANGE

Previously, if a user attempted to delete a master commitment when account level cost was disabled, the user would incorrectly receive an error message. Now, the system allows the user to delete the item when account level cost is disabled.

Reports

Case Number: 278482

USER RECEIVES ERROR WHEN RUNNING REPORT

Previously, in certain cases a user could receive an error when running a Business Intelligence report due to an incorrect variable name in the definition. Now the report will run correctly.

Case Number: 283811

USER RECEIVES MESSAGE STATING THERE IS A PROBLEM WITH THIS REPORT

Previously, a time tracking report would not run correctly when the Entry Date fields was used in the standard date filter. Not the report will work properly when this date filter is used.

Setup and Administration

Case Number: 278205

SCHEDULED TASK RESETS AFTER MANUALLY RUNNING

Previously, the system could reset the nextRunTime value to an incorrect date based on the user's time zone setting. Now the system correctly sets the value regardless of user time zone.

Case Number: 280185

UNABLE TO CHECK ALLOW COMMENTS AND ATTACHMENTS TO BE HIDDEN FROM REVIEW

Previously, some account administrators were missing the submittal setting for Allow Comments and Attachments to be Hidden from Review in the submittal settings in setup. Now the system will correctly display the submittal setting option allowing administrators to enable the setting.

Time Tracking

Case Number: 275857

ERROR TRYING TO DELETE TIMESHEET

Previously, a timesheet could not be deleted if there was a voided timesheet activity or the commitment item was not found. Now the timesheet can be opened and also deleted.

Case Number: 281325

TIMESHEET REPORT HAS INCORRECT VALUES

Previously, an issue could cause the time tracking report to show incorrect values in the Hours per Week field. Now the report displays the correct values.
