Navis Works Viewer

How to Install

The Navis Works Viewer installation will begin automatically. Please be patient as the tool is downloaded and installed - depending on the speed of your Internet connection, this process may take up to 2 minutes.

When you see this window appear, click Install to proceed with the installation process.

You will be prompted to accept the Navis Works Viewer License Agreement.

After accepting the licensing agreement, installation will continue. Once it completes, this page will need to be refreshed and you will see a 3D image at the bottom of the page.

If this does not occur, check to make sure your IE settings are properly configured. Click here to find out more about the configuration settings. If you still have questions, please contact technical support at 888-288-5717.
